

Tyler R. Tichelaar

PRAISE FOR

MELUSINE'S GIFT:

THE CHILDREN OF ARTHUR, BOOK TWO

SO MUCH IS asked of saviors that we can forget the beating heart behind the legends. Tyler Tichelaar understands the contradiction between our expectation of heroes and their lonely destiny. In exploring the Arthurian legend, he shows himself once more the master of the complexities of the human heart.

— Diana M. Deluca, Ph.D., and author of *Extraordinary Things*
and *A Dream of Shadows*

WHAT IF YOU discovered the famous legends you'd heard and believed all your life didn't happen the way they'd always been told? In *Melusine's Gift*, readers will join Adam and Anne Delaney as they hear the truth right from the mouths of the characters who lived the tales. Readers unfamiliar with Melusine's place in history will be drawn into her world, while the captivating web of multi-layered stories within stories combine and complement to obliterate the preconceived notions of those who consider themselves experts on her legend. I loved *Melusine's Gift* even more than *Arthur's Legacy* and can't wait for the twists and turns of *Ogier's Prayer*.

— Jenifer Brady, author of the *Abby's Camp Days* series
